DoD HFE TAG 68

Extreme Environments Sub-TAG

May 21, 2014

DoD HFE TAG 68

Extreme Environment Agenda

Monday, 21 May

1230 – 1235 Welcome and Introduction

1240 – 1310 ***Human Performance Data Project (HPDP) – Operational Data Repository for Future Spacecraft Design*** (Gordon Vos, Ph.D., NASA/Wyle)

1315 – 1345 ***Reducing Vibration and Repetitive Impact Exposure in DoD Vehicles – Quick Reference Guide*** (John Plaga, 711 HPW/HP)

1350 – 1420 ***Usability of Operational Performance Support Tools – Findings from Sea Test II*** (Harry Litaker, Jr., NASA/Lockheed-Martin)

1420 – 1430 General Discussion and Wrap-up

Let us know…

- Would you like to be more actively engaged in EE Sub-TAG?
- What topics would you like to see presented in future EE Sub-TAG sessions?
- Would you (or someone from your team) like to give a presentation during the next TAG? If yes,…
  - –What is the topic?
  - –Who can we contact?
- Do you have any other topics to discuss?

Any questions, contact:
